ܫܘܠܡܐ ܕܟܬܒܐ.

fronter avec les exemplaires de la bibliothèque vaticane, ce qui nous a mis à même de donner un texte plus exact et plus complet. Pour revoir l'histoire de St. Ignace, nous nous sommes servi également de la publication de Cureton, intitulée *Corpus Ignatianum,* que Mgr. Lamy, professeur à l'université de Louvain, a eu la bonté de nous prêter.

5° M. l'abbé Chabot, jeune prêtre du diocèse de Tours, orientaliste qui promet beaucoup pour l'avenir, ayant copié l'histoire de St. Eugène à Londres (add. 12,174), nous a prêté son cahier avec une générosité au-dessus de tout éloge; nous avions la même vie dans le volume de Berlin; en général nous avons suivi le texte de British Museum qui nous a paru plus sobre et plus correct; cependant celui de Berlin nous a fourni un important contingent. Dans l'impossibilité de relever toutes les variantes, nous avons fait un choix qui nous a semblé suffisant pour guider le lecteur dans ses études historiques et littéraires. Les variantes puisées dans la copie de M. l'abbé Chabot sont notées par *Cod. Londiniensis.*

6° Nous avons pris la vie de St. Daniel dans le manuscrit de Berlin; M. l'abbé Chabot a eu la bonté de collationner notre copie avec le manuscrit N° 295 de la bibliothèque nationale de Paris.

7° L'histoire des quarante Martyrs de Sébaste et celle des St[es]. Barbe et Julienne ont été copiées sur les manuscrits 234 et 235 de la bibliothèque nationale de Paris. Comme la dernière surtout laissait beaucoup à désirer, nous nous sommes adressé à deux orientalistes anglais pour les prier de vouloir bien les vérifier sur des exemplaires plus

corrects de leur pays, en leur offrant même une indemnité pour leur peine, mais n'en ayant rien pu obtenir, nous avons été obligé de les éditer comme nous avons pu.

8° L'aimable M. Rubens Duval a eu l'extrême bonté de copier la vie de St. Bisoes ou Pesoes que nous appelons Mar-Bichou, sur le manuscrit 236 de la bibliothèque nationale de Paris. M. Salomon, notre confrère, nous en a envoyé un autre exemplaire de la Perse; celui-ci était beaucoup plus étendu. Nous avons combiné les deux exemplaires ensemble, pour rendre complète l'histoire de ce saint solitaire qui est honoré parmi les Nestoriens d'une manière particulière.

9° L'histoire de St. Ephrem a été publiée dans le troisième volume de ses œuvres, éditées à Rome en 1743; l'abbé Martin ayant copié dans les manuscrits de la bibliothèque de Paris la vie de ce saint docteur, rédigée d'une manière différente de celle de Rome, Mgr. Lamy l'a publiée, d'après la copie de cet abbé, dans ses œuvres inédites de St. Ephrem. Nous avons préféré cette dernière que nous avons adoptée, tout en empruntant à la première ce qui pouvait rendre plus complète l'histoire que nous donnons ici. Nous n'en avons reproduit que les variantes un peu marquantes qui pouvaient être utiles au lecteur.

10° Nous n'avons fait que copier mot à mot dans la Bible le martyre d'Eléazar et des sept frères Macchábées dont on célèbre la fête dans la liturgie chaldéenne, et auxquels ont été dédiées plusieurs églises.

Moriatur anima mea morte justorum, et fiant novissima mea horum similia (Num. 23, 10)
